Dear Parents,

As you know, the Archdiocese of Detroit has adopted Renaissance Star 360 screening assessments in early literacy, reading, and math. The use of Renaissance Star 360 assessments allows your child's teacher to determine exactly what "he/she already knows" in order to prepare targeted instruction, intervention, or enrichment as needed.

Your child recently completed the beginning of the year appropriate assessment for his/her grade level.

To support your understanding of how to interpret your child's scores, please find attached **sample student** Diagnostic Reports for early literacy, reading, and math for your review.

Your child's actual Diagnostic Report will be sent home. Additional Renaissance Star 360 data will be shared at your child's parent/teacher conference.

Please do not hesitate to contact me or your child's classroom teacher for additional information.

Sincerely,

Mr. Stephen Turk
Principal

Star Diagnostic Report – Student Samples

The Student Diagnostic Report has two sections of information for your review. The top section includes the student’s achievement scores and provides a brief description of what each score means.

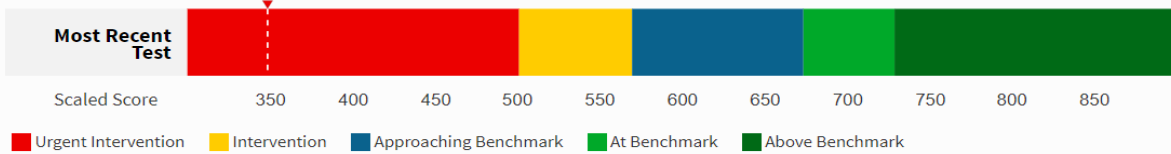

The Archdiocese of Detroit has established benchmarks for each scoring category that reflect the Diocese’s expectations for grade level mastery. These colors correspond to the scaled score range listed on the sample Diagnostic Report below.
