# Classroom Rules

1. Listen Carefully
2. Follow Directions
3. Work Quietly  
Do Not Disturb Others  
Who Are Working
4. Respect Others,  
Be Kind with Your  
Words and Actions

## Supplies

If you are in need of a supply list it is located on our home web site at [gaschool.com](http://gaschool.com)

You do not need to purchase a pencil box for your child. The school provides an XL pencil pouch that can hold everything that your child will need for daily lessons. The pouches are very sturdy, and can easily last the entire year (OR MORE)! Plus as a bonus to me they are quiet when dropped, and almost never break!

## Daily Snack Break:

Just as in Kindergarten there will be a daily snack break. The time will vary according to our special class schedule, but will happen in the morning between 9:00 and 10:00 am. We have a student with severe allergies so **PLEASE DO NOT SEND IN ANY SNACK THAT CONTAINS TREE NUTS, or PEANUTS.**

Due to covid protocols this year I need to ask that you send in all 5 days of snacks with your child on Monday in a small container, or ziploc bag. The children will be storing the snack bag in their desks. This is different than years past, but in order to follow the state guidelines regarding social distancing, we need to limit the interactions of the children.

## Homework:

With normal face to face instruction the children will be receiving weekly homework assignments. These assignments will be from the IXL website that the school has purchased for you. Each week the children will be assigned standards that reinforce the work we are doing in class, or review material that has already been covered. Please make sure that your child completes these with at least a 90% or better mastery. The children can redo a standard that they have a lower score on.

The weekly homework will also include a 10 word spelling list to study at home.

## Grading

The report card and progress report grades will be the same as what you are familiar with from Kindergarten. I will also be sending a list of the grading scales home with the first 5 week progress report. There are 3 different grading scales on the progress reports and report cards, and I know that it can be confusing to know what to look at first.

Daily work will receive a number grade, not a percentage. An example of this would be a math paper that has 9 problems on it. The top grade would be 9/9 (YAY!), a grade that you might want to look over together at home would be 7/9 (looks like you are on the right track, but let's look it over again), and a grade that would require it to be fixed at home and signed by a parent would be 4/9 (anything that is below the 50%)

Some papers will come home with just a smiley face, star or exciting word written on them. These are new concepts that we are working on and are not being formally graded.

## Class Dojo:

We will be using Class Dojo for daily behavior up dates. You are all connected to class Dojo already but the kids are not. If you are starting the year remotely your child will need to be connected to the new class. I have sent a message to all the parents regarding how to connect your child.

I have to ask that you do not use the Class Dojo messenger to contact me. Mr. Turk loves Class Dojo, but has asked, along with the AOD, that all parent/teacher communication be only through the school email.

## Parties, Field Trips and Birthday Treats:

Birthday treats are back! If you would like to send in a birthday treat for your child's birthday they are now allowed. There are only 2 rules:

1. NO Peanuts or tree nuts on the treat
2. Each treat needs to be individually wrapped.

I hope to plan some actual face to face field trips! I am sorry to say that have nothing booked yet for this fall, but it is just the beginning of the year!

Parties will still happen but parents unfortunately can not attend. Last year I sent the parents a zoom link so you can watch some of the party.
