## EDUCATIONAL FUNDRAISER

The Children in Bloom fundraiser stands as a beacon of hope and support for the students of Guardian Angels School. As the school's premier fundraising initiative, its primary aim is to raise the funds needed to supplement the essential technology and infrastructural enhancements for the students, bridging the gap between tuition fees and the limited assistance from state or federal entities. As we continue our journey towards educational excellence, we actively seek and deeply appreciate the community's unwavering commitment. Whether through donations, sponsorship, or matching funds, every contribution propels the school closer to its vision of providing advanced education for all its students.

### YOUR IMPACT DIRECTLY FUNDS

#### LEARNING TECHNOLOGY

The funds we raise this year will be directed towards purchasing Chromebooks for students from 1st through 8th grade, a crucial investment in their educational journey. Providing access to computers at a young age is paramount in today's tech-driven world. It not only enhances their digital literacy but also opens doors to endless learning opportunities. These Chromebooks will empower our students with essential tools for research, collaboration, and skill development, preparing them for a bright and tech-savvy future. Your support ensures that every child can thrive in an increasingly digital educational landscape.
